THRO' KENTUCKY.

Thro' the grand state of Kentucky,
Where the "Old Home" got its name,
Where the fields are overflowing With the yellow ripening grain.

Here tobacco plants are growing, In the fields not sown with corn, Tobacco plants-big as cactus-Just as sure as you are born.

Yes, they're large as good-sized cactus, Larger in our home-like view, But it's of a fine a grade as Is that old "Kentucky Dew."

Here all people reap a harvest, Money in bank from year to year, All the green calamity howlers, Lose their jobs when they land here.

Here the "dry" ways are the highways, Built high and dry from rains and flood, Here the "good roads delegation," Swear the roads are sutt'nly good.

But of pikes and highways finest, There's a "road" that suits my taste; Tis the line of Solid Comfort, And the trains let no time waste.

From Kentucky to St. Louis, Operates this road of class, Across the famous old "Green River" On its roadbed smooth as glass.

Would you know the road I speak of? Listen then to my advice, For you'll need it in your business, On your trip to Paradise.

In your travels to St. Louis-Hustle; beat them under the wire, "Get the 'Henderson Route' habit"-'Tis a good one to acquire.

Investigation Before Senate Committee Reopened.

Brigham H. Roberts Says He Regards His Mora Jbligation to His Wives as Greater Than the Laws of God or Man.

Washington, April 21.-With the reopening of the investigation in the Reed Smoot case before the senate committee on privileges and elections, the prosecution devoted considerable time to drawing from Brigham H. Roberts the character of the oaths which are said to be necessary for a Mormon official to take in order to have the support of the church for political office. Members of the committee showed an equal interest in the obligations which are said to be taken by Mormons who "go through the endowment house." Along both lines much evidence was brought out. It was shown by Mr. Roberts' testimony that without the consent of the Mormon church he failed of election to a seat in congress and later with church recognition of his candidacy he was elected. In relation to the endowment house obligation Mr. Roberts was extremely reticent. He said that the sacredness of the ceremony was such that he could not reveal it to the world and that if he did so he would lose caste with the church as having betrayed a

Portions of the testimony given by Mr. Roberts, especially in regard to his reasons for maintaining polygamous cohabitation with his plural wives, was almost a duplication of the testimony given by other polygamists who have been on the stand. He said he regarded the laws of God as higher than the laws of the land and that his moral obligation to his wives was greater than both the laws of God and

FIFTY-EIGHTH CONGRESS.

Regular Session.

Washington, April 19.-Senate-The senate Monday continued consideration of the sundry civil appropriation bill, but did not conclude it. A number of other bills were passed during the day, including measures ratifying agreements with the Indians of the Devil's Lake, Rosebud and Flat Head reservations, located respectively in North Dakota, South Dakota and Montana. The conference report on the army appropriation bill will be considered Tuesday.

House-The house passed the last of the supply bills of the government, the general deficiency appropriation measure, after a stormy session which lasted till 8:15 in the evening. The contest was a party one over the deficiency appropriation for pensions, which the democrats tried ineffectively to amend by incorporating as a law the recent executive age disability pension order. An effort was made by Mr. Moon (Tenn.) to secure a yea and nay vote on his amendment as to the age disability order, but the speaker refused to recognize him for this purpose. On a motion to recommit the bill the democrats, angered by the speaker's refusal to recognize Mr. Moon, secured a roll call, but after the vote had been taken all further opposition ceased and the bill was passed. Late in the afternoon Mr. Hitt offered his Chinese exclusion bill, introduced Saturday as an amendment to the special deficiency bill and it was accepted without objection. Several bills were passed early in the day under suspension of the rules.

Washington, April 20.—Senate—The question of additional accommodations in the way of office and committee rooms occupied the attention of the senate the greater part of the day. The subject arose in connection with the provisions in the sundry civil appropriation bill, one for an extension of the east front of the capitol building in accordance with sketches left by Architect Walters, and the other, for an outside senate office and committee building. Much variety of opinion was expressed, and the question was still under consideration when the senate adjourned. Several minor bills were passed during the

House-After a debate extending through the entire session of the house Tuesday passed the bill provid-ing for joint statehood of Oklahoma and Indian territory under the name Oklahoma and of Arizona and of New Mexico under the name of Arizona. The vote was 147 to 102. In discussing the rule which had been reported by the committee on rules, providing for immediate consideration of the bill, Mr. Williams, the minority leader, declared that no republican had any idea that the bill would become a law at this session. Delegate Wilson, of Arizona, opposed the bill. It was favored
